Owing to the rural nature of Preston County, the organizational pattern of its educational program varies from one community to another based upon student enrollment and student needs. The current organizational pattern is as follows:

- ❖ 5- Pre-K -5 Schools;
- ❖ 1 – Pre-K – 6 School;
- ❖ 3 – Pre-K – 8 Schools;
- ❖ 3 – 6- 8 Middle Schools; and
- ❖ 1 – 9 – 12 High school

However, regardless of the organizational pattern, the Preston County Public Schools will make every attempt to address the needs of students in the following groups as directed by the State Board of Education: Early Childhood (Pre-K-4), Middle Level (Grades 5-8), and Adolescent Education (Grades 9-12).
